

006315

Material Safety Data Sheet

Prepared According to the OSHA Hazard Communication Standard (29 CFR 1910.1200).
(Formerly Called MATERIAL INFORMATION BULLETIN)

ORTHO Pruning Seal (with applicator)

Product 1000-78

CAUTION! PROLONGED OR REPEATED CONTACT MAY BE HARMFUL
MAY CAUSE EYE IRRITATION
COMBUSTIBLE
KEEP OUT OF REACH OF CHILDREN

TYPICAL COMPOSITION

Asphalt (CAS 64742-93-4) and aliphatic petroleum
distillates (CAS 8052-41-3)

100%

EXPOSURE STANDARD

No Federal OSHA exposure standard or ACGIH TLV has been established for this material. The ACGIH (1985-86) TLV for petroleum asphalt fumes is 5 mg/m³ for a daily 8-hour exposure. There is no Federal OSHA exposure standard for asphalt fumes. The Federal OSHA exposure standard for aliphatic petroleum distillates is 500 ppm and the ACGIH (1985-86) TLV is 100 ppm for a daily 8-hour exposure.

PHYSIOLOGICAL & HEALTH EFFECTS

May cause eye irritation. The eye irritation potential of this material has not been determined. However, since it contains ingredients which are irritating to the eyes, it may cause eye irritation.

May cause skin irritation on prolonged or frequently repeated contact. See Additional Health Data.

Not expected to be acutely toxic by inhalation.

Not expected to be acutely toxic by ingestion. Ingestion may cause irritation of the digestive tract which may result in nausea, vomiting and diarrhea.

EMERGENCY & FIRST AID PROCEDURES

Eyes

Flush eyes immediately with fresh water for at least 15 minutes while holding the eyelids open. If irritation persists, see a doctor.

Skin

Remove contaminated clothing. Wipe off skin with vegetable or mineral oil, then wash thoroughly with soap and water. See a doctor if irritation occurs. Launder contaminated clothing.

Inhalation

Since this material is not expected to be an acute inhalation problem, no first aid procedures are required.

Ingestion

If swallowed, give water or milk to drink and telephone for medical advice. DO NOT make person vomit unless directed to do so by medical personnel. If medical advice cannot be obtained, then take the person and product container to the nearest medical emergency treatment center or hospital.
