NEWSCASTER: A ballot measure requiring the use of auto seatbelts has drawn the endorsement of the state's largest business organization, but the group rejected a proposal that would ban smoking in public buildings. Directors of Associated Oregon Industries decided yesterday the group's positions on the eight ballot measures that will face a statewide vote November 8th. Spokesman Jack Zimmerman says they oppose Measure 6, which would prohibit smoking in public buildings on the basis clean air statutes are working.

The directors also oppose Measures 5, 7, and 8. Measure 5 would increase beer and cigarette taxes to fund collegiate athletics. Measure 7 would prohibit dam building and mining along 11 rivers. Measure 8 would repeal a governor's order banning discrimination in the state's executive branch based on sexual orientation.
