

THE COUNCIL FOR TOBACCO RESEARCH-U.S.A., INC.

110 EAST 59TH STREET
NEW YORK, N. Y. 10022

ROBERT F. GERTENBACH
EXECUTIVE VICE PRESIDENT
AND SECRETARY

May 9, 1983

Re: Grant No. 1378R2

Ira B. Black, M.D.
Professor of Neurology
Chief, Division of Developmental Neurology
Cornell University Medical College
515 East 71 Street
New York, NY 10021

Dear Dr. Black:

The Council for Tobacco Research - U.S.A., Inc. is pleased to award you a second renewal grant in the amount of \$48,517 for the period from July 1, 1983 through June 30, 1984 for the study proposed in your application dated December 31, 1982.

It is understood that this grant is made subject to acceptance by the university authorities as heretofore.

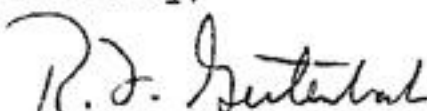

Since it concludes the three years originally programmed for this study, it is considered terminal for the project, and a comprehensive final report will be expected at your convenience after its termination, as well as reprints of any papers resulting from the grant at any time thereafter.

Your attention is called again to the enclosed "Important Procedural Information for Grantees".

Dr. Donald Ford, Associate Research Director, will continue to represent our scientific staff as primary contact with your grant. He will be the person to consult about any questions or problems that may arise, and should be kept informed about the progress of the study.

Please fill in the attached "Notice of Research Project" and return it to me.

Cordially,

Robert F. Gertenbach

Encls.
