RICHMOND, VIRGINIA

W. F. GANNON

To: Dr. R. B. Seligman

Date: November 20, 1975

From: L. F. Meyer

Subject: Low Delivery Cigarettes

On the attached table are data on two cigarette samples prepared in an effort to achieve a 4 to 5 mg. tar cigarette with a plastic filter using the improved Multifilter blend. Note the difference in filter configuration and the dilution levels. We have cleverly named these cigarettes HALF-TIMER.

Your comments on direction of our continued effort are invited.
