

Thank you

I have been a smoker  
for many years now  
and I can remember  
when Doral first came  
out they were very  
good smooth I would  
compare them to a Marlboro  
but costed a lot less  
even today they are  
the same although I did  
cut back to an ultra light  
100 I can say that you  
have a very good cigarette  
for the price I recommend  
them to other smokers I  
know and most agree with  
me.

Thank you

PS please don't raise the  
price I really do enjoy a  
good smoke and not a high  
price.
