

I start Radiation
treatments Monday
the 22nd of Jan. If
you have an extra
amount of money send
me some for my
household expenses
not Cigarettes. I have
throat cancer thanks
to smoking. I sure
as hell I don't want
any cigarettes. I am
struggling with
withdrawal right now
but I know if I smoke
I will for sure die.

Someone needs to stop
people from making
& selling cigs. You
killing us.
