SUBJECT: McGill University Study

Gentlemen:

In response to your request for continued updating in this study, I recently discussed progress being made with Dr. Fred Seitz. Dr. Seitz met with the study director, Dr. Spitzer and with Dr. Feinstein from Yale University on February 23. Attached is Fred Seitz' Memorandum For The Record concerning that meeting. I believe it will give you an excellent view of how that study is proceeding and some insight into the results we might expect.

Sincerely,

JAF:gj
