Dear Sir,

I have been meaning to
write to you for a long
time and I decided to
when I cut out the enclosed
article from the Herald
American on June 4th
I am 70 years old, I $\frac{78}{16} = 51$
work every day and I
go to dances 3 to 5
times a month. I never
give my age to any
one as I have been
taken for 50 never any
older. I had my blood
pressure taken the other
day and it was 124 over 82
The Dr told me teen
agers would be envious
of me.
