**Subject:** Dr. Castagnoli's visit

Rick,

Dr. Neal Castagnoli is going to visit RD&E to give us an update on his project with PM to isolate MAOI's. His wife and co-collaborator will be coming with him. He offered to have her give us an update on her research and resent NIH proposal involving MAO inhibition in pregnant women. I have attached a copy of an abstract he sent involving her work. This work might be of an interest to Ted and Ruth and I could work out a way for them to hear the presentation.

Can we take him up on his offer?

Bruce
