

I prefer camel menthol however
in my area they are hard to find
Not many places carry them, I happened
to get these packs while on
my army reserve weekend.
While at Ft Bragg I could get
them almost any where I went.
Even some of the Wa Wais around
(like a 7-11)
here don't keep them in stock. Is
there a certain place in my area
where they always carry them?

sincerely
